BAIRES GASTRONÓMICO

In the past couple of years I've been trying to spot the best gastronomic offers in town, from the simplest dishes to the most elaborated ones; classic, sophisticated or some interesting new fast-food proposals that I would say are part of a trend spreading around the world.

This minimap is a selection of the places I think are ideal to try when you're visiting this very mutable but adorable city... even if it is just for one weekend!
