## UNCONVENTIONAL MUSTS

This is a quick guide to nice little places that usually are overlooked by conventional travel books. If you have limited hours to get a taste of a city's real life, this is your ideal minimap.

"Madrid offers many possibilities, but to know it well takes time. However, you'll feel at home from day one. To help you enjoy this feeling, but seize the weekend at the same time, this guide welcomes you to a city that is lived on the street and enjoyed walking because the best version of Madrid is the one that locals live. The best thing is that tourists are always welcome." -Carola.
