IT'S ROOFTOP TIME!

If there's one thing people from Madrid are really proud of it's the city's sky. It's deep and intense shade of blue doesn't disappear during winter. So it's fair to say that "rooftop time" it's all year long, but when it's warm and happy hour comes up to two hours before the sunset, it's dreamy.

This minimap will show you 7 different rooftops in Madrid that are not so popular yet. There are places for every taste. Enjoy them!
