# BOOKSHOPS OF MY LIFE I

One is my nice local bookstore. Another one is where I go looking for kids' books and whenever I need to see cute stuff. There's the one that is always organising author's lectures, the cozy one where I go whenever I'm around the city center and when I need books in English. Used books, rare and unique books, illustrated books, Latin American books, this bookstores have everything... these are simply the bookstores of my life (Part I).
