

TASTE OF JAPAN

Immermannstraße is where it all happens. On this street all Japanese restaurants, cafes, shops and even hotels come together. No wonder this quarter is called Little Tokyo. As there are many restaurants and shops on this street, I can imagine it may be too overwhelming for you to choose just the right one, especially when you are a first time visitor. Well, I am here to make your life easier! I will guide you to the 7 must visits of Little Tokyo. Are you ready to explore?
