

# VERMOUTH WITH STUFF

Aperitif time is an institution in Madrid, and what better way to do it than with vermouth... or two or three. There are many places to enjoy a good vermouth and choosing one or the other depends on how you want to enjoy yours: paired with toasts or delicious cod fritters? Quiet views of the river or a lively atmosphere? A variety of brands of vermouth or alternatives to jump to other spirits? Here are some of my favorite places for this and more. Cheers!
