

A PICNIC JOURNEY

San Francisco's urban landscape is packed with energizing visuals in the form of natural beauty and historic architectural charm. The city's 49 square miles are eminently walkable and packed with sweeping hills, cozy nooks and panoramic Bay views.

This minimap takes you through the Marina District on the Northern side of the city. More specifically, the map will guide you through a few spots where you can create and enjoy the perfect picnic while taking in some of the city's most epic views and sites.
